SUN LOLLY INTRODUCTION

Sun Lolly embodies the essence of carefree childhood summers. It's not just an ice lolly; it's a memory, a taste of simpler times.

Sun Lolly was developed and produced in Denmark by CO-RO A/S since 1979. Back then launched with three flavors: Champagne, orange, and pineapple.

Sun Lolly is best known for the distinctive triangle shape. It's instantly recognizable and evokes feelings of anticipation and joy.

In summary, Sun Lolly isn't just about frozen treats; it's about creating cherished memories, one triangle-shaped lolly at a time.
